

# NASDAQ-100 INDEX®

Ticker: NDX

This well-known index is made up of the 100 of the largest domestic and international non-financial companies on the Nasdaq Stock Exchange. The Nasdaq-100 Index® is comprised of well-known companies such as Apple Inc, Amazon.com, Facebook Inc, and Adobe Inc.

## Nasdaq-100 Index®

As the world's first electronic stock market, Nasdaq® has become the largest global exchange to rely solely on electronic trading. Nasdaq-100 Index® offers investors the benefit of maintaining stable, equal weightings to all 100 of The Nasdaq Stock Market® companies and is rebalanced quarterly.

### **THE NASDAQ-100® IS MORE THAN JUST AN INDEX.**

It is home to global growth, innovation, and performance. The diversity of the companies included in the Nasdaq-100® has been critical to the index's strong performance and success over the past two decades.

The Nasdaq-100 Index® is a modified market capitalization weighted index that tracks the performance of 100 of the largest domestic and international non-financial companies listed on The Nasdaq Stock Market® based on market capitalization. The index reflects companies across major industry groups including computer hardware and software, telecommunications, retail/wholesale trade and biotechnology. It does not contain securities of financial companies including investment companies. The companies selected are based on an annual ranking of all eligible companies listed on The Nasdaq Stock Market®. The value for this index is published multiple times a day and includes an opening market value and a closing market value.
